Reminder

Sue will be changing office location and contact details from 1 October 2011

The housing co-ordinator role

The sub-regional housing strategy co-ordinator role will continue after 30 September, until 31 March 2012 at least.

Sue will continue attending meetings all over the housing sub-region.

"To help make the most of my mileage, when I travel to a meeting in the Cambridge sub-region I hope to spend the rest of the day there, using a spare desk and a wi-fi connection. This way I can get to know housing teams across the sub-region even better!"

What about the SHMA?

Work on the Strategic Housing Market Assessment (SHMA) continues as before. The SHMA chapters remain accessible on Horizons website, which will act as an archive for the coming 2 years. Please see

www.cambridgeshirehorizons.co.uk/shma

The SHMA team is working to find an alternative location for the SHMA, where new chapters can be launched in future.
